Dear Prof. Dengle,

regarding item no. 08 in the minutes of the 144th Academic Council Meeting held on 1st December 2017 (page no. 9) I would like to make the following observations: While we have discussed and agreed upon most of the points as stated in these minutes in our Chairperson's meeting, we did have some reservations about whether the attendance has to be made compulsory for B. A. and M. A. courses. Moreover the Academic Council hasn't resolved "to make attendance compulsory for all regular registered students". This resolution seems to be added later without being approved by the members of the Academic Council. If I remember correctly, some of the Chairpersons - particularly from the Centres of Foreign Language - voiced the opinion that the attendance could be made compulsory only during the first year in which students have to learn the foreign language. Apart from this we haven't supported the idea of making attendance compulsory for all regular registered students. I would request you to kindly see to this point.

warm regards
