

# SPEAK UP COMRADES!

The killing of 28 year old Youth Congress activist in Alappuzha District of Kerala by CPM men on Tuesday has once again exposed the 'bloody' culture of the Communists in Kerala, who are known for their political sagacity in JNU. CPI(M) hacked a youth Congress activist to death in front of his five and four years old kids for forming a new unit of Student wing of Congress, KSU(I). Eight CPI(M) cadres and DYFI activists including CPI(M) Perinjathu Local Committee Secretary were arrested by the Kerala police in connection with the killing of Youth Congress activist Sunil Kumar. A group of CPI(M) goons dragged him out of bed in the early hours of Tuesday and hacked him; he died in Hospital later. Sunil Kumar had been a CPI(M)-DYFI sympathizer, but moved to the Congress party two years ago on account of his disillusionment with the violence politics of CPI(M). The attackers include criminals from a notorious quotation gang. This unveils the nexus between CPI(M) and local gundas.

The murderous politics of the CPI(M) in Kerala is not of recent origin. This murder is **not** going to rock Kerala as it had witnessed so many such gruesome incidents unleashed on its political opponents by CPI(M). In 2012 MSF (Muslim Students' Federation) leader Ariyil Shukoor was killed after a Party trial in an open space. In Fazal murder, the investigation agency

pointed out that a criminal conspiracy had been hatched among the local CPM leaders to kill Fazal as he had shifted his loyalty from CPM to NDF. Kannur, a district in Kerala, is having so many party villages where communist

goons had managed to set up their own mini CHINAs and MOSCOWs where other political parties will not be tolerated. Kannur has been a hot bed of political violence over decades. This killing of Congress man in Southern Kerala where Congress has a strong hold points to the fact that CPM is planning to replicate their Kannur model party villages in there as well. This is an open challenge to the democratic ethos of politics which Congress party has always stood for. Isn't that an irony here in JNU, SFI, the students wing of CPM, is preaching the gospel of non-violence and peace? Wherever Communists have a strong political hold, there they will practice what exactly RSS-BJP fascist goons do to crush the FREEDOM and DEMOCRACY. Communists are trying to create an atmosphere of fear and unrest in the minds of people to weaken the spirit of Congress men and the people who believe in Democracy as the legislative assembly elections are on head way in Kerala. Communists had conducted money collection to manage the case expenses of its members involved in T.P. Chandrasekharan murder. They had even organized Hartals, destroyed public properties and disrupted the normal lives of citizens as the Special Investigation Team arrested P. Mohanan, a member of the Kozhikode district secretariat of the Communist party of India (Marxist), for his involvement in hatching the murder plot of Comrade T.P. Chandrasekharan.

This gruesome incident of political killing of Youth Congress activist Sunil Kumar in front of his family members including his old mother, father and kids aged 4 and 5 is the latest instance of Kerala CPI(M)'s Stalinist legacy. It is a shame that CPI (M) is engaging in such heinous acts. Let people come forward to oppose this kind criminal politics which CPI(M) cherishes shamelessly for political gains.
